

I. GENERAL INFORMATION	
1. Organization/ Company Name	
2. Brief description of type of services provided by organization/ company	
3. Name of the contact person and role/ position in the organization	
4. Contact details	
<i>(Please provide an address, e-mail, phone and website)</i>	

II. COMMODITY TYPES – NST/R (This list can be referred to in completing the questionnaire)	
NST/R Code	Commodity Group
0	Agricultural products
1	Foodstuffs
2	Solid mineral fuels
3	Crude oil
4	Ores, metal waste
5	Metal products
6	Building minerals & material
7	Fertilizers
8	Chemicals
9	Machinery & other manufacturing
10	Petroleum products

## II. DEFINING THE COUNTRIES OF INTEREST INVOLVED IN YOUR TRANSPORT ACTIVITIES

**1. Please check the countries involved in your freight transport activities.**

[illegible]

III. INFORMATION ON TRANSPORT ROUTES USED  
(TO BE COMPLETED BY: FREIGHT FORWARDERS, OPERATORS, HAULIERS)

1. Please define the routes you use by Region of origin-destination and main commodities transported according to the NST/R Commodity Groups (Section II of the questionnaire).

Routes <sup>1</sup> : Regions <sup>2</sup> of Origin – Destination (for the countries of interest defined in Section II) <u>by direction</u>	Route Description by segment – other relative details														Please define the main commodities transported (cat.: <b>0 - 10</b> ), indicating an estimated percentage in the total of commodities transported through the route (e.g. <b>0</b> – 10%, <b>1</b> – 20%, <b>7</b> – 5%)					
	Define the transport mode(s) (1: Road, 2: Sea) used for each segment of the route	Describe the route (name the road and sea links used and /or the main cities and/ or ports you pass through by route segment)	Define the travel time and delays by route segment										Define the tariff costs							
			Travel time per route segment	Delays per route segment										Total tariff cost (€)	Detailed tariff costs by route segment					
				in ports				in borders							Road Average tariff costs (€/km) including all cost parameters	Sea Average tariff costs (€ per sea link) including all cost parameters				
				port 1	port 2	port 3	port 4	border 1	border 2	border 3	border 4	border 5	Trucks			Trailers	Containers			
1.																				
2.																				
3.																				
4.																				
5.																				
6.																				
7.																				

<sup>1</sup> For the same origin-destination pair but different combination of sea and road links/modes used, please fill in a separate row.  
<sup>2</sup> For countries besides Greece, Italy, Slovenia, Malta and Cyprus, countries of origin-destination are also suitable instead of regions.

[illegible]

#### IV. INFORMATION ON MARITIME LINKS OPERATED

(TO BE COMPLETED BY: SHIP OWNERS, SHIPPING LINES, SHIP BROKERS)

**1. Please fill in the information about the maritime links you operate by ports of origin-destination and the types of vessels used for each link. The commodities categories according to the NST/R Commodity Groups are described in Section II.**

Ports of Origin – Destination (for the countries of interest defined in Section II) <sup>3</sup>	Type of vessels operating on the line	Average ship speed (knots)	Average ship capacity for cargo per type of vessel (number)			Frequen- cy (numbe- r of voyages per week)	Average travel time (hours)	Average delays occurred in ports (hours)				Sea Average tariff costs (€/sea link) including all cost parameters (where applicable)			Please define the main commodities transported (cat.: <b>0</b> - <b>10</b> ), indicating an estimated percentage in the total of commodities transported through the route (e.g. <b>0</b> – 10%, <b>1</b> – 20%, <b>7</b> – 5%)
			Trucks	Trailer s	TEUs			Port 1	Port 2	Port 3	Port 4	Trucks	Trailers	Container s	
1.	Ro-Ro														
	Ro-pax														
	Container														
	General cargo/ Multi-purpose														
2.	Ro-Ro														
	Ro-pax														
	Container														
	General cargo/ Multi-purpose														
3.	Ro-Ro														
	Ro-pax														
	Container														

<sup>3</sup> Please mention in case a strait is included in the link and define it

[illegible]

## V. LOGISTICS INITIATIVES AND TRENDS

**1. Please describe logistics initiatives and/or trends influencing cargo flow patterns [e.g. restructuring of logistics systems (spatial concentration of production etc), changes in management of transport resources (minimization of overall transport's cost, increased use of outside transport contractors etc), wider geographical sourcing of supplies, wider distribution etc]. Assess and describe possible effects (if any).**

## VI. BOTTLENECKS, BARRIERS AND HARMONIZATION OF PROCEDURES AND RULES

**1. Please define and describe bottlenecks related to infrastructure and services provided.**

[illegible]

**2. In your opinion, are there any missing links in transport routes/ corridors/ chains you use or could potentially use if the missing link was activated? Please define possible missing links and make your suggestions.**

[illegible]

**3. Please identify and describe existing regulatory, institutional and procedural obstacles, if any.**

[illegible]
